Profile

Senior Web Developer with 10+ years of experience building scalable full-stack web applications. Strong background in modern JavaScript ecosystems, and micro-service systems.

Experience

Web Developer — smartclip (AdTech)

Berlin · Full-Time · Jan 2020 – May 2026

- Develop and maintain modern web applications using React, Node, TypeScript, and micro-service architecture. (6years, ~15 micro services in total)
- Built a custom company UI design system based on Ant Design (npm package).
- Extensive test coverage (100%): Unit, Integration, E2E, and Visual Regression.

Web Developer — INTERAUTOMATION GmbH (IoT)

Berlin · Full-Time · Jan 2016 – Dec 2019

- Built web interfaces and data visualization tools for industrial and monitoring systems.
- Built an online device monitoring (logging) platform with a PHP API and React UI.

Interactive Designer (Physical UI) — Pluslab

Halle(Saale) · Freelance · Jan 2014 – Dec 2015

- Audio Guide (Cordova / React / iOS)
- Museum Interactive Installations (Firmware, Circuitboard Design und Manufacturing)
